Serving Our Community Since 1998

The Need: To Increase Organizational Capacity

Latino Educational Training Institute (LETI), a 501(c)3 Nonprofit organization, has served the underrepresented Latino community for 24 years, establishing itself as a trusted “go-to” agency for Spanish-speaking immigrants, providing a safe space for the community to confide in, a place where the invisible are seen and heard.

With over 34,000 encounters in 2022 alone, we are faced with the urgent need for sufficient space and resources to respond to the prime necessities of our underserved Latino community. Our goal is to raise money to support our growth, allowing us to continue to serve our community without interruption.

\$125 PER GUEST
