**Serving the
Community
since 1998!**

OUR MISSION

To facilitate the personal and financial success of Spanish-speaking Latino immigrants and low-income individuals to pursue their dreams and become leaders in their communities. LETI strives to support family wellbeing and resilience through education, cultural awareness, and social justice, providing a forum for voices in the struggle towards racial equity.

HISTORY

The Latino Educational Training Institute (LETI) was founded in 1998 by Rosario Reyes, a first-generation immigrant from Peru, as a response to the lack of information and resources available to Latino immigrants. LETI's focus was and continues to be, to help immigrant individuals realize their full educational and employment potential despite the overwhelming disparities and inequities faced every day.

THE SNOHOMISH COMMUNITY ANCHOR

With over 34,000 encounters in 2022 alone, LETI's public setting has become an anchor for the Latino Immigrant Community in Snohomish County. We provide a safe place where people can stop feeling isolated and lonely while they learn and grow. We are a secure place outside their home and work, where they can connect, switch off from the worries of their daily lives, and make new friends and authentic connections, a place that creates immediate equity. Our family of loyal clients need our place to facilitate their resiliency and social equity because LETI is where the invisible are seen and heard.
